## COMPANY INTRODUCTION

Our company was Founded in 1973 and headquarter bases in Graz, Austria. Our marketing strategy aims at high-end bathroom fittings. Since then, we have come to expand our international distribution. We started a joint venture with an experienced and professional team in China's famous building material's center-Foshan to serve the international market with providing brand and project management. We have been manufactured under TUV approved system, marketing high quality bathroom furniture, cast stone bathtubs and basins, shower doors, bathroom hardware for 7 years. Located in Foshan, Guangdong, covering more than 15000 sqm with 460 workers, our factory is equipped with newest facilities and an in-house R&D team both in Austria and China.

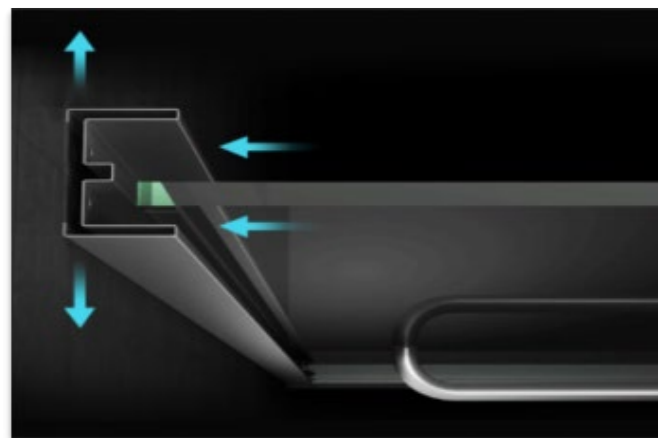

We have been successfully marketing our products in Europe, United States, Middle East and Asia. Providing products, marketing and project solutions to our customers. We are known for supplying bathroom furniture and fittings to the star hotels in Europe and China. We have become one of the most effective bathroom fittings suppliers for many local and international companies. We are focusing on providing full-service solutions for every customer who seeks a reliable manufacturer and project management team for their projects. Our aim is to create an exclusive business relationship with our partner. A relationship that is based on trust, support and technical expertise-values which secure successful and long-term partnership.

We have our own R&D team which has more than 15 years in sanitary wares industry. They make sure that we can develop new products to our market, provide product technical support as well as provide customization product solutions to our customers from all over the world. We have a sales team of more than 8-year experience in dealing with world-leading companies, marketing products as well as international project management.

## Explosion-proof membrane

Explosion-proof membrane make sure the tempered glass strong enough to protect consumers safety;  
 Tempered glass make sure safety in case glass exploder;  
 Resistant coating make sure not easy sctrach and easy cleaning;

## Adjustable frame

30mm adjustable :front-back;  
 10mm adjustable : left-right;  
 Make sure can be easy installed if the wall not flate or measurement tolerance;

## Minimalist design

Original design based on simple life/ easy use/  
 convenient for child/safety for life

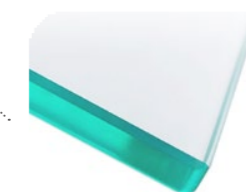

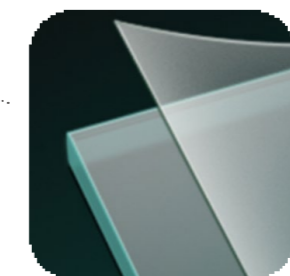

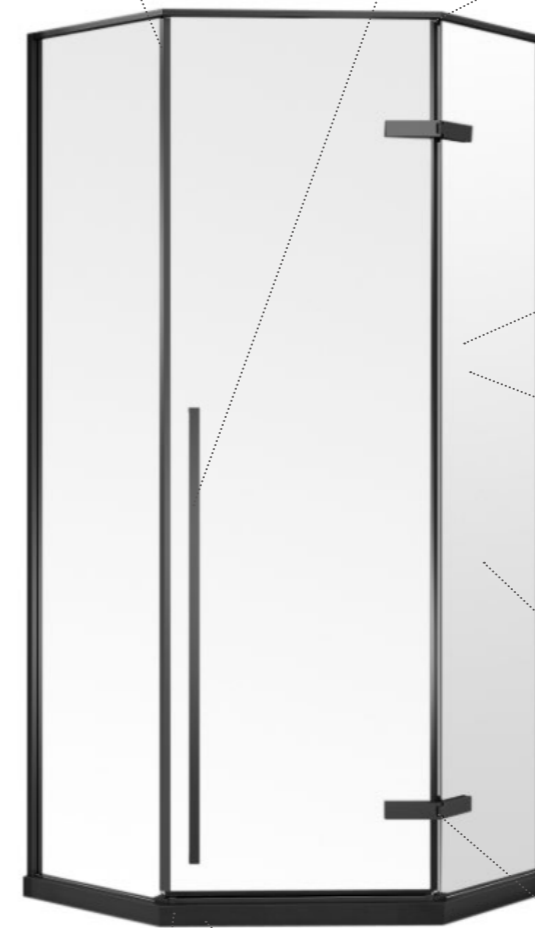

90 ° Seal rubber make sure no any leakage,magnetic strip keep quiet close.

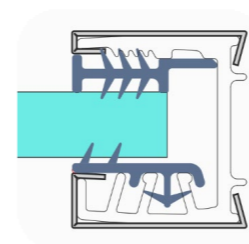

SUS 304 stainless steel handle with black lacquer finish,comfortable use & stable quality

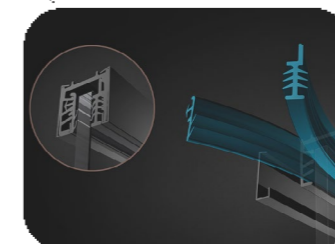

SUS 304 stainless steel handle with black lacquer finish,comfortable use & stable quality

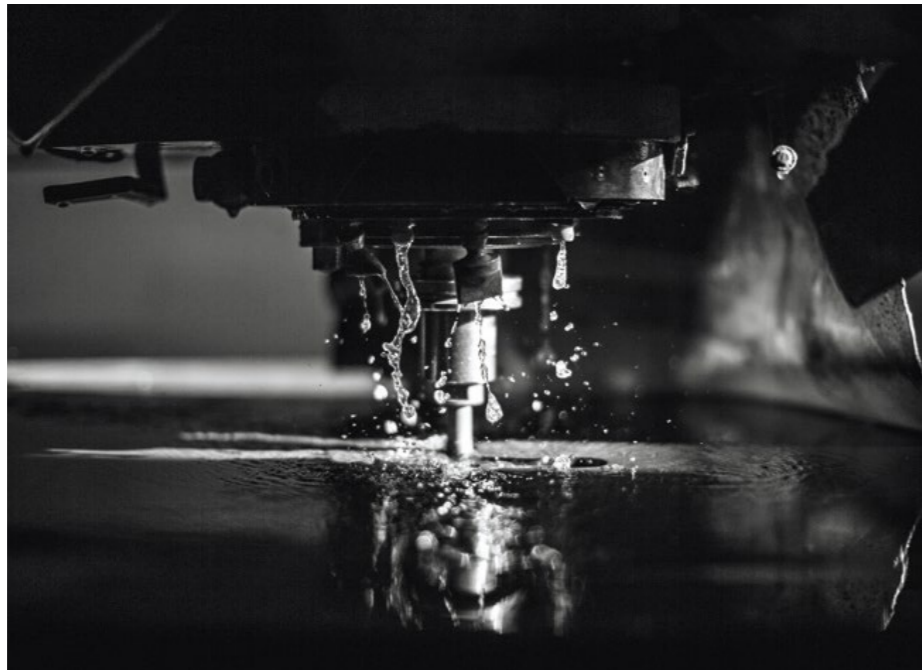

8/10mm tempered glass with Explosion-proof membrane & self clean coating,safe chamfer design

reversed barb design make sure stable & safe

SUS 304 Stainless steel quiet hinge, easy install.

# PRODUCT PROCESS

304 Stainless steel tie rod

304 Stainless steel handle

Safety clip

Special dustproof track

Collision protection

## DISCREET DETAILS

Our tradition dictates that there has to be honesty to the bathroom, both functionally and in design terms. But the details do not always need to be on show. On the contrary, their greatest function may be that they are integrated into the design language.
